## ARMOR SYSTEMS

Police officers overwhelmingly say:  
*"I feel safer. I am safer."*

### "B-Kit" Door Armor

Military grade "B-Kit" armor. Protection belongs on the outside of the vehicle. The armor panel attaches cleanly to the door for easy installation and removal. Ultra-durable. From accidents to prolonged shootouts, the armor performs.

### Window Armor Insert

Interior transparent armor. Seamlessly covers an officer's flank, where most vulnerable. Quick to install, quicker to eject. No modifications to the vehicle required. Designed for community policing. Look, listen, and communicate without exposure.

**"Buys you minutes when you need seconds."**

"B-KIT" DOOR ARMOR	WINDOW ARMOR INSERT
9.5 LBS PER DOOR	14.5 LBS PER DOOR
NIJ LEVEL 3A+ PROTECTION	NIJ LEVEL 3A PROTECTION
INSTALLS IN UNDER 5 MINUTES	INSTALLS IN UNDER 30 SECONDS
